

National Weather Service Wilmington, NC

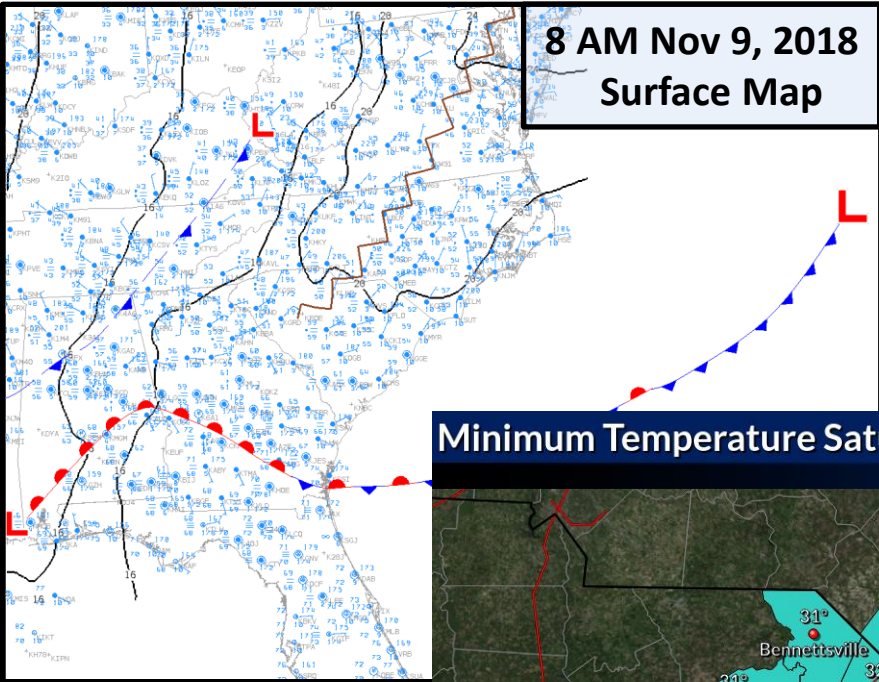

Outlook Period: Friday 11/9/18 through Sunday 11/11/18
Time Issued: 1010 AM Friday November 9, 2018

Prepared by: Reid Hawkins

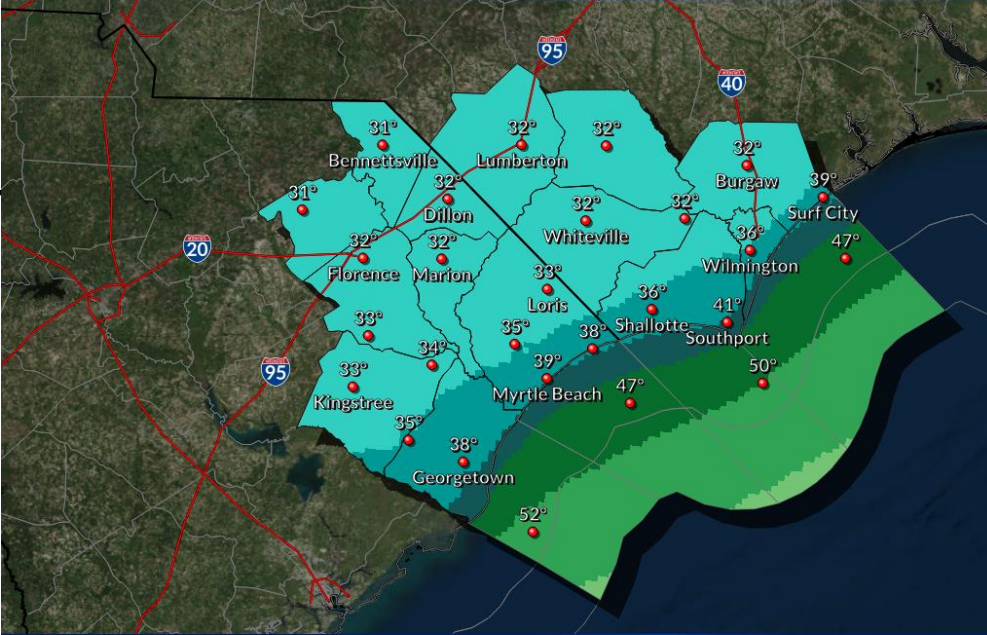

Freezing Temperatures possible Saturday Night

Overview: High pressure ridging down the east side of the Appalachians will provide cloudy skies and patchy light rain and drizzle today. A strong cold front will cross the coast Saturday morning with colder and drier conditions expected through the weekend. Low temperatures Saturday night will drop to near freezing for inland areas. A Freeze Watch may be issued later today for portions of our area.

Minimum Temperature Saturday Night
