

National Weather Service Wilmington, NC

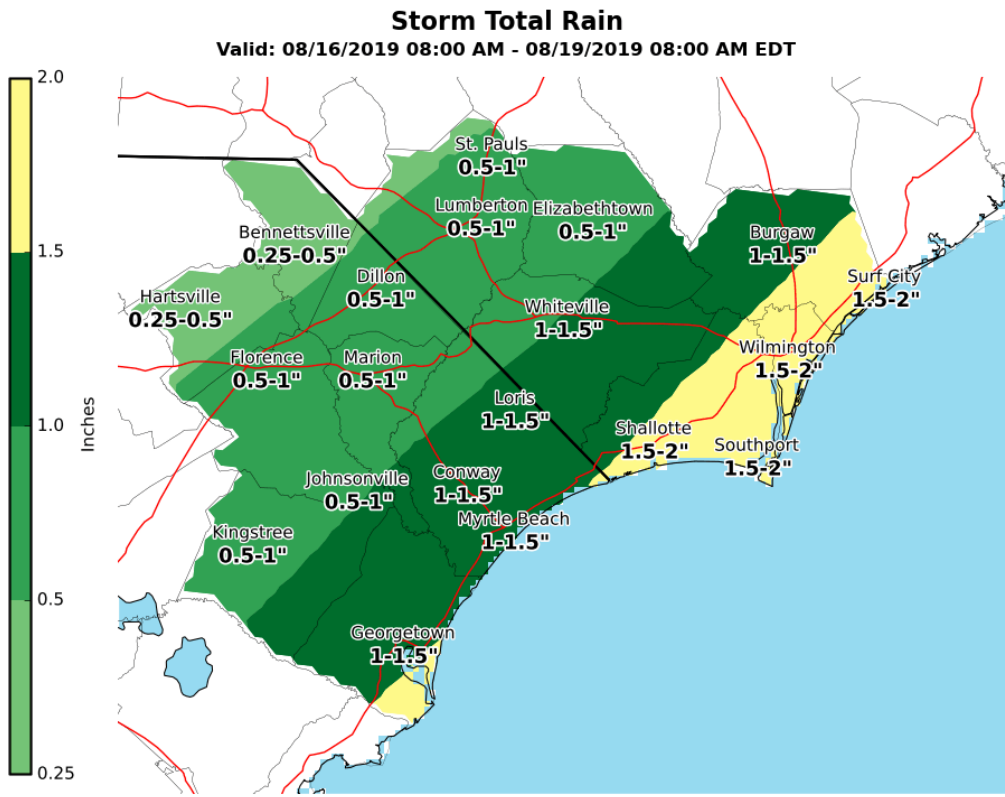

Forecast For: August 16-19, 2019
Time Issued: 11AM August 16, 2019
Prepared by: Mark Bacon
Forecaster #: 910-762-4289

Unsettled weather to last most of the weekend especially along the coast

Impacts: Minor/nuisance flooding possible (standing water on roads/traffic delays).

Timing/Confidence: Rain will occasionally be heavy near the coast today and Saturday, turning much lighter in intensity on Sunday.

Overview: A front stalled near I-95 will channel rain into coastal areas.
