CAPE FEAR REGION

COMMUNITY RESILIENCE WORKSHOPS

North Carolina Office of Recovery and Resiliency

The Cape Fear Council of Governments is working with NCORR's Regions Innovating for Strong Economies and Environment (RISE) Program to develop a portfolio of priority projects that strengthen regional resilience.

This multi-phase effort includes a forward-looking vulnerability assessment, the identification of 5-10 high-priority projects, and a list of the actions needed to implement each proposed project.

We need to hear from you about project priorities for making Cape Fear a more resilient region. Please join us at one of two in-person workshops on **Tuesday, September 13th**. Just click on the link noted below to register. *We look forward to seeing you there!*
